Dana Theron

ADMINISTRATION & OPERATIONS

Administration and customer service professional who builds practical tools for everyday operations. Developed a 62-product stock and barcode app and Python tools for invoicing, data cleanup and reporting.

WORK EXPERIENCE

Admin & Customer Service Support
Virgin Active Lourensford
August 2026 - December 2026

- Support the manager with daily administration, promotions and service to members and guests.
- Identified a stock-tracking problem and built an iPad app to support reception and shift stock counts.

Sports Massage Therapist
Flow State Therapy | 2024 - Present

- Deliver recovery services to endurance athletes at major sporting events.
- Manage client communication, treatment planning and scheduling.

SELECTED PROJECTS

Stock & Barcode App
Virgin Active Lourensford | 2026

- Built an iPad app to search 62 products and display point-of-sale barcodes.
- Created shift stock counts covering store and office quantities, staff records, corrections and a manager logbook.
- Added PDF/image reports, printable barcode sheets, PIN access, bulk price updates, price history and backups.

Dana Automations | Python

- Built invoice reminders with a preview before sending, customer-list cleanup and deduplication, and weekly sales reports.
- Included automated tests, anonymised sample data and a live portfolio site.

EVENT OPERATIONS

DP World Tour - International Pro-Am
Logistics, accreditation, player and guest coordination, VIP and stakeholder services.

Cape Epic 2026, Two Oceans Marathon & Wines2Whales
Athlete recovery and on-site event support.
