Dana Theron

AI AUTOMATION · SYSTEMS · OPERATIONS

I find the slow, manual parts of a business and build tools that fix them, with Claude Code as my daily build tool. I run my own Ubuntu home server with always-on automations, and built an iPad stock app used by a working reception team. Front-line admin and customer service experience means the tools fit how teams actually work.

IBM AI Engineering Professional Certificate | **Available** January 2027 · Cape Town or remote

PROJECTS

Home Server & WhatsApp Assistant · Ubuntu Server / Claude Code

Personal project | 2026

- Always-on Ubuntu Server, run remotely over SSH and Tailscale.
- Hosts a Claude WhatsApp assistant, n8n and scheduled daily reports.
- Configured AdGuard Home DNS filtering and Samba file sharing.

n8n Workflow Automation · 8 months

- Build n8n automation workflows and document them with diagrams.

Stock & Barcode App · SwiftUI / SwiftData

Virgin Active Lourensford | 2026

- iPad app to search 62 products and show point-of-sale barcodes.
- Shift stock counts, manager logbook, PDF reports and backups.

Dana Automations · Python / Cloudflare

Personal project | live site | github.com/Dana-GrootSeun

- Hand-coded live site on Cloudflare with a working contact form.
- Invoice reminders, spreadsheet cleanup and weekly reports, with tests.

Video & Content · promo films and short-form

- Launch films and social ads for Opti in 1:1, 16:9 and 9:16.
- Clipify: AI pipeline turning long streams into captioned 9:16 clips.

Computer Vision Scoring System · software contributor

Independent contractor team | padel courts

- Software for a multi-camera system that scores padel matches.

WORK EXPERIENCE

Admin & Customer Service Support

Virgin Active Lourensford

August 2026 – Present

- Support the manager with daily administration, promotions and member and guest service.
- Identified gaps in manual stock tracking and built an iPad app that reception staff use for product lookups and shift stock counts.

EVENT OPERATIONS

DP World Tour – International Pro-Am

- Logistics and accreditation for an international event.
- Guest and VIP coordination and stakeholder services.

ADDITIONAL EXPERIENCE

Sports Massage Therapist, Flow State Therapy (self-employed) | 2024 – Present. Client communication, treatment planning and scheduling; recovery services for endurance athletes and on-site event support at Cape Epic 2026, Two Oceans Marathon and Wines2Whales.
Tour Guide for international visitors.
